UNITED STATES INTELLIGENCE BOARD

MEMORANDUM FOR THE UNITED STATES INTELLIGENCE BOARD

SUBJECT : Status of Overhead Photographic Reconnaissance

REFERENCE : USIB-D-41.19/10 (COMOR-D-72/10),
 23 November 1964, Limited Distribution

1. In restricted session at the United States Intelligence Board (USIB) meeting on 25 November, with the Deputy Director, National Reconnaissance Office (DD/NRO) present [REDACTED] suggested, with reference to that portion of the report [REDACTED] on [REDACTED] that in those instances in which failure to accomplish a USIB task is attributable to political considerations rather than faulty operations or mechanical difficulties, the record so indicate. He pointed out that in this instance the failure to obtain coverage was in fact due to political limitations on flights and weather [REDACTED] and not to operational techniques or mechanical failure.

2. The Chairman, Committee on Overhead Reconnaissance (COMOR), explained that in connection with a COMOR review on long-range collection requirements in the Far East, corrections or changes indicated in the current coverage required are being communicated to the NRO for their guidance in establishing collection programs. As examples of these changes which have been sent to NRO, [REDACTED] mentioned the following targets:
